The Check Point AI Defense Plane

One platform. One lens. From employees to applications to agents.

Workforce AI Security: Securing Employee & Endpoint AI Agents at Scale

Enable AI usage by default — with guardrails that prevent risk, not block productivity

Customer Outcomes

✓ **Secure endpoint AI agents** (Cursor, Claude Code, VSCode, etc.)

✓ **Govern agent behavior + data access**, not just prompts

✓ **Enable safe-by-default AI adoption** across the workforce
